

SHADOW ART

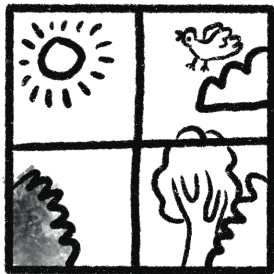

ROSS CARVILL'S INSTRUCTIONS

WE ARE GOING TO CREATE SHAPES USING SHADOWS. THIS PROJECT WAS INSPIRED BY HENRI MATISSE'S CUTOUT PAPER WORK.

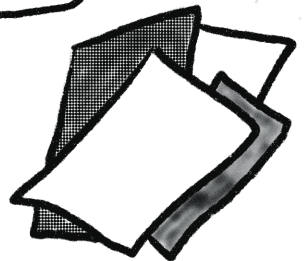

1)

A WINDOW ON A SUNNY DAY WITH A WORK SURFACE IN FRONT.

HERE IS WHAT YOU NEED

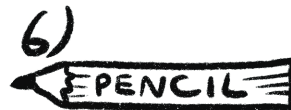

2) OBJECTS THAT YOU THINK WILL CAST AN INTERESTING SHADOW. IT IS HANDY IF THEY CAN STAND ON THEIR OWN.

3) COLOURED PAPER

SCISSORS

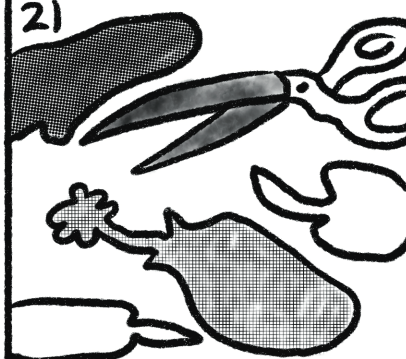

WE WILL MAKE AN ABSTRACT PIECE OF ART USING THE SHADOW SHAPES CREATED BY THE SUN. ABSTRACT ART IS ART THAT DOES NOT REPRESENT OBJECTS OF OUR EVERYDAY WORLD.

1) PLACE OBJECTS ON THE PAPER IN FRONT OF THE WINDOW. TRACE AROUND THE SHADOW WITH YOUR PENCIL.

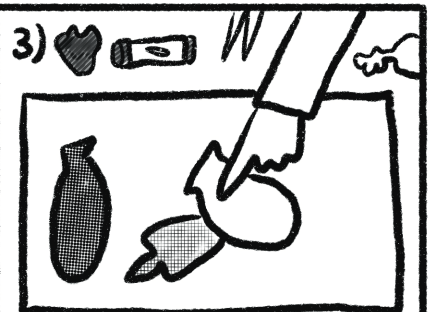

TRY DIFFERENT OBJECTS, MOVE THEM AROUND. EXPERIMENT!

2)

CUT OUT ALL OF THE SHAPES!!

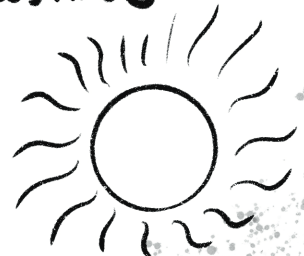

3)

POSITION THEM ON YOUR LARGE A3 PAGE. THEN GLUE THEM DOWN.

IF YOU USE LOTS OF DIFFERENT COLOURS OF PAPER AND DIFFERENT SHADOW SHAPES YOU CAN MAKE A VERY INTERESTING ABSTRACT PIECE OF ART!
